HAMS FACE NEW MEXICO WILDFIRE CHALLENGES

JIM/ANCHOR: We begin this week's report with the deadly New Mexico wildfires which spurred evacuations and prompted activation of local Ama

BOBBY: The Dog Head fire that began its deadly sweep on Tuesday, June 14, through more than 16,000 acres northwest of Tajique, New Mexico, The main emergency channels being used for Dog Head Fire responders have been the Capilla Peak 146.96 repeater and the Tapia Mesa 147.06 re Meanwhile, the fire continued its deadly progression as blasting record heat pressed down upon states in the desert southwest region. Fire For Amateur Radio Newsline, I'm Bobby Best, WX4ALA.

JIM/ANCHOR: At press time, at least one Field Day site, to be operated by the Albuquerque DX Association W5UR group, had to be relocated, a

HONORS AND UPHEAVAL IN THE NATIONAL TRAFFIC SYSTEM

JIM/ANCHOR: Major upheaval has shaken the ARRL's National Traffic System, just a day after a key ARRL committee praised the NTS for its val According to the ARRL website, the executive committee determined that Ames acted on behalf of the NTS and ARRL without authority to do so, Ames' removal was announced barely 24 hours after the league's Programs and Services Committee asked the ARRL board to recognize the NTS fo (ARRL)

FRIENDS GO THE DISTANCE IN SEYCHELLES

JIM/ANCHOR: What's better than starting out as a DXpeditioner? Doing it with friends! Newsline's Paul Braun, WD9GCO, tells us about one gro

PAUL'S REPORT: They're just a group of friends who like two main things: adventure and ham radio. And from July 1st through the 10th, they'

MARTIN: I haven't been there before. I guess the reason why we are chosing the Seychelles is that -- as it says on the web we are a small g

PAUL: Wennergren spoke briefly about their radio setup.

MARTIN: We have two stations running and one backup station with us that we hope we are not going to use. But two TS-590s are going to be o

PAUL: He said that the best way to keep up with them and to see if you got in the log is to watch their website, A6DX.com

MARTIN: Yeah absolutely. We will try to have the current operating frequencies, we will try to communicate what we are looking for. We will

PAUL: So listen in and add a new island to your collection -- and keep an eye on this group of hams. They've got big plans for the future!
